SPCL has some regular activities as International Congress, last was held in Pamplona from 6 to 8 October 2021. We have already 10 editions of the prestigious International Course of Sclerotherapy. We also promote training and formative activities online and face-to-face for general practitioners, nurses, and residents in vascular surgery, known as The Vein Academy and SCPL Venous Thromboembolism Symposium. The last two years SCPL published several books and documents, all of which are freely downloadable from our Website <http://www.capitulodeflebiologia.org/>
